The owner, Reveo, Inc. of 100 percent interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. 154 and 173, as presently shortened by any terminal disclaimer, of prior Patent No. 6,559,903. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and the prior patent are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of the prior patent, as presently shortened by any terminal disclaimer, in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

The undersigned is an attorney or agent of record.

Terminal disclaimer fee under 37 CFR 1.20(d) of \$55 (Applicant is a small entity) included. The Commissioner is hereby authorized to charge the amount of \$55 to Deposit Account No. 501648 maintained by Applicant.

Respectfully submitted,

REMARKS

Applicant wishes to thank the Examiner for the attention accorded to the instant application.

New claims 36-66 have been added and claims 2-35 have been previously canceled. Claim 1 is amended to correct a typographical error.

Pursuant to 37 CFR 1.321(c) a timely filed terminal disclaimer is submitted herewith, under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1 and 3 of U.S. Patent No. 6,559,903.

For the foregoing reasons, Applicants respectfully submit that claims 1 and 36-66 are now in condition for allowance. Early notice to that effect is earnestly solicited.

Respectfully submitted,
